BASIC SERVICES OF FUNERAL DIRECTOR, STAFF, and OVERHEAD \$950

This is a basic fee for the services of our funeral directors and staff to respond to initial requests for service; arrangement conference with the family or responsible party; arrangement of a funeral; preparation and filing of necessary authorizations and permits; recording vital statistics (Disposition of Remains & Death certificate) coordinating service plans with cemetery; sheltering of the deceased.

This fee is for our basic services and overhead which will be added to the total cost of the funeral arrangements you select.

*This fee is already included in our charges for Standard Funeral Services Package, immediate burials, and forwarding or receiving of remains.

EMBALMING-not offered

The law does not require embalming. However, a funeral establishment must refrigerate an un-embalmed body in its possession if burial or cremation does not take place within 24 hours.

Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as a direct cremation or immediate burial. Instances where embalming is required are such as where the remains are to be transferred out of the state or out of the country. Embalming is a chemical process which provides temporary preservation of the body and helps eliminate health hazards.

However, many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or a burial vault will satisfy these requirements.
