

Muslim Community Association

AsSalamu Alaikum,

As the needs of the Bay Area Muslim community evolve over time, the MCA Executive Board plans to provide new and additional educational services to the community. We are starting an initiative to invest in the human capital of the community, and specifically our educators. The initiative will focus on nurturing existing educators and inviting new educators to address the intellectual, moral and spiritual challenges facing our society.

This initiative encompasses several programs that can be leveraged separately or collectively to establish, upskill and develop Muslim community educators. We are in the process of establishing a scholarship for candidates who are interested in pursuing and furthering their Islamic education and have the passion and long-term commitment to serve our beloved community. We prefer a candidate showing leadership skills, has memorized the Quran, and has some experience in community development.
